EXPORT PRODUCT CATALOG — PREMIUM INDIAN PULSES & LENTILS

ISO 9001:2015 Certified | FIEO RCMC Registered Exporter | Government Recognized Export House

Export Category: Premium Pulses, Lentils & Legumes

Origin: India | **Quality Assurance:** Machine Cleaned, Machine Polished / Whole / Split, Sortex Cleaned & Weevil-Free.

This catalog provides international export parameters for our primary Pulses & Lentils sub-products portfolio.

1. Chickpeas (Kabuli Chana)

Large, cream-colored, smooth-coated seeds. Categorized by count per ounce (e.g., 40-42, 42-44, 58-60 count). High in protein and dietary fiber, ideal for canning, hummus, and salads.

Parameter	Specification Value	Parameter	Specification Value
Purity (Sortex)	99% Minimum	Moisture Content	10% – 12% Maximum
Count Options	40-42 / 42-44 / 58-60 Count	Admixture / Foreign Matter	0.2% Maximum

2. Chickpeas (Desi Chana)

Smaller, dark, rough-coated chickpeas. High fiber content with rich nutty flavor, ideal for whole cooking, splitting into Chana Dal, or fine milling into Besan flour.

Parameter	Specification Value	Parameter	Specification Value
Purity (Sortex)	99% Minimum	Moisture Content	11% Maximum
Admixture	0.5% Maximum	Discolored / Damaged	1.0% Maximum

3. Toor Dal / Pigeon Peas (Arhar Dal)

Yellow split pigeon peas available in Oiled, Un-oiled, and Machine Polished variants. Superior cooking quality with uniform grain size and natural aroma.

Parameter	Specification Value	Parameter	Specification Value
Purity (Sortex)	99% Minimum	Moisture Content	10% – 12% Maximum
Foreign Matter	0.1% Maximum	Polishing Variant	Un-oiled / Oiled Options

4. Moong Dal / Green Gram (Whole & Split)

Available as Whole Green Moong, Split Yellow Moong (Dhuli), and Split Green Moong (Chilka). Fast-cooking, highly digestible, and nutrient-dense legume.

Parameter	Specification Value	Parameter	Specification Value
Purity (Sortex)	99.5% Minimum	Moisture Content	10% Maximum
Weevilled Seeds	Nil	Foreign Matter	0.1% Maximum

5. Urad Dal / Black Gram (Whole & Split)

Offered in Urad Whole (Black/White), Split Chilka, and Urad Dal Washed (Dhuli). Key ingredient for fermented batters, papads, and traditional savory dishes.

Parameter	Specification Value	Parameter	Specification Value
Purity (Sortex)	99% Minimum	Moisture Content	11% Maximum
Un-husked Seeds	0.5% Maximum	Foreign Matter	0.2% Maximum

6. Masoor Dal / Red Lentils (Whole & Split)

Rich orange-red split lentil and brown/red whole lentil. Quick to cook, low in fat, and rich in dietary protein and iron.

Parameter	Specification Value	Parameter	Specification Value
Purity (Sortex)	99.5% Minimum	Moisture Content	11% Maximum
Purity Grade	Football / Split Red	Foreign Matter	0.1% Maximum

7. Kidney Beans (Rajma)

Available in Red Kidney Beans, Sharmili, and Light Speckled (Chitra) varieties. Bold grain size, rich flavor profile, and excellent texture post-cooking.

Parameter	Specification Value	Parameter	Specification Value
Purity (Sortex)	99% Minimum	Moisture Content	12% Maximum
Count Rate	180–200 / 220–240 per 100g	Foreign Matter	0.2% Maximum

8. Black Eyed Beans (Lobia / Cowpeas)

Cream-colored kidney-shaped beans with a distinct black eye spot. High protein, machine-cleaned, and free from insect infestation.

Parameter	Specification Value	Parameter	Specification Value
Purity (Sortex)	99% Minimum	Moisture Content	11% Maximum
Foreign Matter	0.2% Maximum	Damaged Grains	0.5% Maximum

EXPORT PACKAGING & COMMERCIAL COMPLIANCE

Packaging Options:	500g, 1kg, 2kg, 5kg Consumer Pouches 25kg, 50kg Non-Woven / PP / Jute / Vacuum Bags
Private Labeling:	Full OEM Private Labeling & Custom Artwork Printing Available
Container Loading:	22 to 24 Metric Tons per 20ft FCL (Full Container Load)
Regulatory Approvals:	FSSAI, ISO 9001:2015, FIEO RCMC Registered Exporter, Phytosanitary Certificate, Certificate of Origin
Quality Inspection:	SGS / Intertek / Geo-Chem Third-Party Quality Inspection Prior to Vessel Loading
