EXPORT PRODUCT CATALOG — PREMIUM NATURAL JAGGERY (GUR)

FIEO RCMC Registered Exporter | ISO 9001:2015 Certified | Government Recognized Export House

Export Category: Natural Unrefined Cane Jaggery (Gur)
Origin: India | **Quality Assurance:** 100% Chemical-Free, No Added Synthetic Colors/Preservatives, Non-GMO.
This catalog details commercial export specifications for our primary Jaggery sub-products portfolio.

1. Cube Jaggery

Uniform, pre-cut natural jaggery cubes engineered for portion control in hot beverages, tea/coffee service, and consumer retail packaging.

Parameter	Specification Value	Parameter	Specification Value
Cube Dimensions	10mm x 10mm / 15mm x 15mm	Sucrose Content (Sucrose)	70% – 80% Minimum
Moisture Content	5% – 7% Maximum	Extraneous / Water Insoluble	1.0% Maximum

2. Block Jaggery

Traditional solid sugarcane jaggery blocks available in golden-brown to dark-amber tones. High melting stability, ideal for commercial confectioneries, food manufacturing, and traditional sweets.

Parameter	Specification Value	Parameter	Specification Value
Block Weight Options	500g, 1kg, 2kg, 5kg, 10kg Blocks	Sucrose Content	70% – 85% Minimum
Moisture Content	6% – 8% Maximum	Extraneous Matter	1.5% Maximum

3. Organic Jaggery

Certified organic sugarcane jaggery produced from pesticide-free sugarcane plantations. Extracted using traditional eco-friendly clarifying techniques without synthetic chemicals.

Parameter	Specification Value	Parameter	Specification Value
Organic Certification	USDA Organic / NPOP Certified	Sucrose Content	75% – 85% Minimum
Moisture Content	5% – 7% Maximum	Chemical / Heavy Metal Residue	Nil (Lab Tested)

4. Powdered Jaggery (Jaggery Powder / Shakkar)

Free-flowing, fine to medium grain golden-brown jaggery powder. High solubility, ideal healthy alternative to refined white sugar for baking, beverage sweetening, and retail distribution.

Parameter	Specification Value	Parameter	Specification Value
Mesh / Granule Size	30 – 60 Mesh (Free Flowing)	Sucrose Content	80% – 88% Minimum
Moisture Content	3% – 5% Maximum	Ash Content	1.5% Maximum
